

Journal of Pediatrics

VOLUME : I

JULY — AUGUST 1958

NUMBERS : I - 2

EDITORIAL

THE TURKISH JOURNAL OF PEDIATRICS

The *Turkish Journal of Pediatrics*, the first pediatric periodical published in English in Turkey, is a monthly journal edited by the staff of the Research Institute of Child Health and the Hacettepe Children's Hospital, and has a threefold purpose.

In the first place, it is to be a bulletin of the Institute and Hospital, also serving as a register of the lectures delivered at the annual seminars and conferences arranged by the Institute in collaboration with the National Society of Child Health and Pediatrics of Turkey, including the papers presented by guest lecturers. Secondly, the *Journal* will present abstracts of articles from current Turkish medical literature dealing with problems of infancy and childhood. Thirdly, the *Journal* will publish news of pediatric activities, establishments and organizations in Turkey.

In short, the *Journal* aims to present to readers abroad a view of pediatrics in Turkey.
